Saturday, June 20, 2009 – Sunday, June 21, 2009

5991 Westport Lane Naples, Florida

9:30am-6:30 pm (Daily)(roughly)(please be on time)

This class is open to all that have completed the first advanced class. Please **review** the Rays, understand and know how to use the nervous system and limbic system **before** class starts. (see parts four and advanced) We will explore and expand on the initiations and delve into practical applications, case studies and esoteric significance of events and situations. Topics will include but are not be limited to: *THE* Family Soul, more on the subtle bodies, the journey into the spiritual triad ...why and how? Expand on the Limbic system, brain ventricles and practical application. We will have fun with initiations... and take dancing with the Rays to the next level! Remember, energy follows thought. This class will be informative, educational, experiential and fun. We will deepen our Spiritual understanding of life (earth school vs spiritual school).

Bring an open mind and an open AND a loving heart. In addition, do the best you can to know what spiritual initiation you have journeyed through since the last class and how it has affected your life.

In preparation for this course **meditate daily at least two weeks prior to the class; also, no smoking of anything two weeks prior to and during the course. Dietary requirements: no hard liquor or red meat for two weeks prior to the course. Dietary suggestion: no dairy.** There will be homework that must be done during the class. In addition, please allow free time for yourself during these two days by not over scheduling personal events.

The course will be presented by Bernadette Bloom, P.T. who is the founder and President of the JJ Esoteric Foundation, Inc. She is involved in the World Service Intergroup (www.synthesis.tc). Bernadette brings her international experience and her own journey through the initiations to this class.
